OSi permit number EN-002-1006

These maps have been produced based on the level of analysis undertaken during the Lee CFRAM Study. A more detailed, localised study has been undertaken for the Carrigtohill area and flood maps are available on the Cork County Council website (Under "Planning") at: <http://www.corkcoco.ie/co/web/Cork%20County%20Council/Departments/Planning/Carrigtohill%20Flood%20Risk%20Assessment>

Note that these maps do not account for the drainage potential of the Slatty Bridge Pumping Station, installed in 2008. The extent of inundation, shown upstream of the Slatty Bridge, is an estimate of flooding that would occur if the Pumping Station were not operational.

Fluvial flooding may also occur within the area shown on this map. Please refer to the fluvial depth map. Figure No. M2/UA/DEP/10/001 and 002

Location Plan :

DEPTH MAP 10% AEP

Legend Depth Grid:

- 0 - 0.25 m
- 0.25 - 0.50 m
- 0.50 - 1.00 m
- 1.00 - 1.50 m
- 1.50 - 2.00 m
- > 2.00 m

— River Centreline

USER NOTE :

USERS OF THESE MAPS SHOULD REFER TO THE DETAILED DESCRIPTION OF THEIR DERIVATION, LIMITATIONS IN ACCURACY AND GUIDANCE AND CONDITIONS OF USE PROVIDED AT THE FRONT OF THIS BOUND VOLUME. IF THIS MAP DOES NOT FORM PART OF A BOUND VOLUME, IT SHOULD NOT BE USED FOR ANY PURPOSE.
